

4-H: Igniting Your Spark

Idaho 4-H investing in youth and achieving results!

ALL YOU NEED FOR NEW LEARNING

4-H Outside the Box is here to help.

- Hands-On Activities
- Problem Solving
- Critical Thinking
- Gardening, Science, Cooking, Art

4-H Outside the Box are individual learning lab boxes with 6-8 sequential hands-on activities focused on building youth critical thinking and problem solving skills. Learning labs contain supplies and lesson plans for Junior Master Gardeners, science, basic cooking and visual arts activities. Pick your favorite topic or all of them for a caring adult to facilitate with youth in clubs, afterschool, day camps or for families at home.
