## TODAY WE'RE GOING TO COVER

- Award Purpose & Grantees
- Evaluation Priorities & Timeline
- Award Requirements
- Resources & Opportunities

# SUMMER OF INNOVATION GRANT

---

## AWARD PURPOSE(S)

Address unfinished learning with an emphasis on children who were most impacted by the pandemic.

Reduce barriers to participation in quality programming to ensure access for all.

Increase programmatic quality and expand or enhance social and emotional learning offered.

# TO GET STARTED

---

## WELCOME TO THE ION **LEARNING ACADEMY**

Quality professional development programs target many specific outcomes, including increased staff knowledge about youth development, use of effective strategies for activity programming, and implementation of methods for promoting positive relationships with youth.

ION believes that quality professional development focuses on the long-term sustainability of the out-of-school time workforce by increasing providers' marketable skills to increase public support for the youth development field.

The ION Learning Academy provides an interactive learning environment that allows you to access interactive and unique training opportunities.

The ION Training Calendar has moved to the Learning Academy.

Registration for the ION Learning Academy is **FREE** and there continue to be many **FREE** trainings available.
